WELCOME

Hello, I'm Tim

I believe your party deserves a packed dance floor, not a playlist on autopilot. I have been a DJ since 1976 and founded Mobile Disco Network in 2013. As the region's only Trading Standards Approved DJ, I run a hands-on, award-winning, one-man DJ service.

When you book, you get me: my skills and five decades of reading real crowds. No agency, no hand-offs and no substitutes. I play every booking myself, and in 50 years I have never missed one.

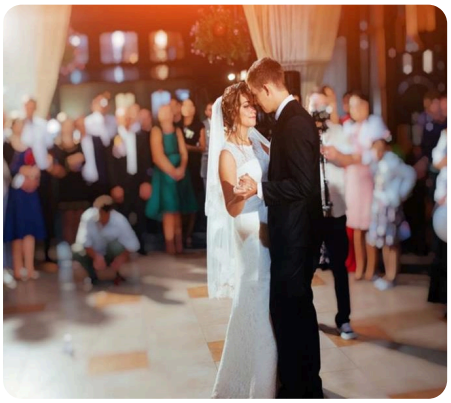

This guide brings everything together in one place, from weddings to Boogie Bingo, plus the free planning tools and personalised gifts that come with it. Scan any QR code to see full details or check your date.

STORIES FROM THE DANCE FLOOR

The night the DJ didn't turn up

Every wedding is planned for months. So when a couple's booked DJ failed to arrive at their reception, the day could have ended in silence. Instead, they called Tim.

Tim keeps a fully prepared standby disco ready to go. He got there, set up as quickly as he could and got straight to work, and the party went ahead after all.

★★★★★

"Tim came to our rescue at our wedding reception when the DJ we originally hired didn't show up. He gave some great entertainment and was really good with the children, going above and beyond."

DAN KAYE · WEDDING RECEPTION · GOOGLE REVIEW

It wasn't the only rescue. When Great Melton Cricket Club's booked disco failed to arrive, Tim rushed from north of King's Lynn to Bawburgh at the last minute.

★★★★★

"He set up quickly, gauged his audience well, played great tunes, and the dance floor was full all night."

INTRODUCING THE SHOW'S NEW MASCOTS

Mr Popcorn & Mr Pickles

Meet two-year-old brothers from the same litter, and Tim's companions on his morning walks. They're related to the much-loved Mr Waffles, star of Tim's *Mr Waffles Super Heroes* colouring book, who sadly passed away aged 20, alongside his partner Miss Phoenix, also 20.

Now the brothers carry on the family name as Mobile Disco Network's official mascots. Look out for them on the website, in the newsletter and around the toolboxes.
